

## SafeClean Series

### Infection Prevention and Control

Learn how to help keep staff and residents safe and healthy by watching the eight videos in the SafeClean Series. Superior Health Quality Alliance produced the series in conjunction with Dr. Buffy Lloyd-Krejci and IPCWell for environmental services (EVS) staff in nursing homes.

You can access the series on our webpage, <https://bit.ly/SafeCleanIPC> or by scanning the QR code.

### Completing the series is easy!

1. Take the pre-test before watching the video. You will find the link for the pre-test just above each video on the webpage.
2. Watch the training video.
3. Take the post-test, linked just after the video on the webpage, and a certificate of complete will be emailed to the email address provided.
4. Repeat these steps for each training video and check off your progress on the list below.

- Resident Room Cleaning Part 1 – Done Right, Done Safe
- Resident Room Cleaning Part 2 – Cleaning the Toilet First?
- Hand Hygiene – Clean Hands, Healthy Lives
- Laundry Part 1 – Protecting Our Laundry Staff
- Laundry Part 2 – Reduce the Risk of Cross-Contamination
- Shared Resident Equipment – Is it Really Being Cleaned?
- Shower Room – Would You Shower Here?
- Transmission-based Precautions – More Than Personal Protective Equipment
