

# Disposable Glove Removal Competency and Compliance

Name of Facility: \_\_\_\_\_

Staff Name: \_\_\_\_\_ Date: \_\_\_\_\_

Observed by: \_\_\_\_\_

Circle one: Pass Fail

Procedure: Glove Removal	Yes	No	Comments
1. With one hand, pinches glove of other hand at wrist, being careful to touch only the outer surface of glove.			
2. Pulls glove toward the fingertips without completely removing it. (The glove is now inside out.)			
3. Removes second glove with partially gloved first hand, pinches the exterior of second glove, and pulls the second glove toward the fingertips until it is inside out, then removes it completely.			
4. Grasps both gloves with free hand and touches only the clean interior surface of the glove.			
5. Discards gloves in appropriate waste receptacle.			
6. Staff member performs hand hygiene correctly.			

If failed, explain the remediation completed or the follow up plan.
