

# Superior Health Quality Alliance

## Substance Use Disorder (SUD) Resources

### **Nursing Home Naloxone Policy and Procedure Toolkit** – Superior Health Quality Alliance

- This toolkit provides easy-to-adapt policies and procedures for nursing homes to implement or improve their emergency response to opioid overdose, which includes naloxone administration.  
[PDF version](#) | [Editable Word version](#)
- Nursing Home Naloxone Policy and Procedure Toolkit Checklist  
[PDF version](#) | [Editable Word version](#)

### **Frontline Forces – Five-part substance use disorder series** – Superior Health Quality Alliance

- Five short on-demand courses that cover the following topics:
  - What is Substance Use Disorder?
  - Combatting Stigma
  - Finding Help
  - Prevention
  - Stigma Case Study

### **Substance Use Disorder Person-Centered Care Plan Example** – Superior Health Quality Alliance

- Provides an example of a person-centered care plan for an individual with a substance use disorder (opioids)

### **Fentanyl-Test-Strip-Poster** – Superior Health Quality Alliance

- This poster provides information on where to access fentanyl test strips in MI, MN and WI to promote harm reduction and prevent accidental overdoses.

### **Center of Excellence for Behavioral Health in Nursing Facilities**

- Provides training on a variety of behavioral health topics and issues. Nursing Homes may also submit a request for tailored technical assistance and support at no cost.
  - [Language Matters Substance Use](#)
  - [Guide for Substance Use Screening in Nursing Facilities](#)
  - [4 Ways Nursing Homes Can Promote Substance Use Recovery](#)

### **SAMHSA Overdose Prevention and Response Toolkit**

- The toolkit, designed to augment overdose prevention and reversal training, provides guidance on the role of opioid overdose reversal medications, including naloxone and nalmefene, and how to respond to an overdose.

## Stigma and Substance Use Disorder

Destigmatizing SUD is critical to fully support patients with this chronic disease and better support their recovery. The following resources provide opportunities to become more aware of the impact stigma has on individuals with a SUD and to understand how to improve communication to support better care delivery.

### [Shine a Light on Stigma](#) – Superior Health Quality Alliance

- Eliminating stigma is one of the first steps to helping people with substance use disorders access the medical care they need.
- Provides on-demand videos, podcasts, and other resources on reducing stigma.
- Sign the Shine a Light Pledge and commit to reducing stigma.
